Handicap Competition

The Handicap Competition brings together all the archers who shot on the day, who have a handicap rating (archers need to submit at least three scores to the records officer to get an initial handicap rating – if you are missing a rating on the table below, submit some scores!).

Allowances are awarded, based on bowstyle and the round shot. These are added to the actual score made by an archer for a total 'Handicap Score'.

The allowance is calibrated so that an archer performing at their expected level would achieve a Handicap Score of 1,440. This system rewards the archers who shoot better than their previous performances, i.e. record a total handicap score of more than 1,440.

For more details on the handicap system, see:

<https://archerygeekery.co.uk/2023/06/13/beginners-series-handicaps/>

Medals are awarded to the top three:

Our 2026 Club Champions are: Simon Snee, Anahi Ayala Iacucci and Daniel Key. The handicap competition was won by Anahi Ayala Iacucci. Well done in particular to the juniors who took part this year, who all improved on their scores from last year.

Congratulations to all Archers taking part. The weather was probably better than in recent years, being humid with showers and brief sunny spells. As always, it was great to see such a good turnout, especially the newer members, including juniors, joining in the shoot.

As with last year, it would be great to see more competition in the individual categories next year – let's try to encourage more members to join in and create an even bigger turnout in 2026. Remember, it doesn't matter which round you shoot, you always have a chance to win something via the handicap competition.

Thank you to Maggie 'Killer' Woolf our Club President for coming along to support us and present the Medals and provide another motivational pep talk on shooting in competitions! Hopefully that will encourage more people to take part next year. The shoot will again be likely to take place in mid-September – look out for the date to be confirmed early in the new year.

And a big thank you to everyone that helped make this competition happen, whether in setting up the field, cleaning the clubhouse, cooking on the BBQ (great to see new members Mau and Baz volunteering!), baking, running the bar, and clearing away at the end – well done for volunteering your time and supporting each other to make this event such a success. A big thanks also to Hunter for organising our volunteers and for the photography.

This was the first time in many years that I haven't shot on the day, but it was still a pleasure to be there as Target Captain and (amateur!) Judge for the day. I hope everyone enjoyed the day too!
